Recreational Fire Rules
For the City of Airway Heights

International Fire Code (IFC) has a list of restrictions in place for recreational fires.

1) Fires must be 25 feet away from any structure or combustible material.
2) Conditions which could cause a fire to spread within 25 feet of a structure shall be eliminated prior to ignition.
3) Recreational fires must not be more than 3 feet in diameter and 2 feet in height.
4) Recreational fires must have some means of being immediately extinguished.
5) Recreational fires must not be offensive because of smoke emissions.
6) Recreational fires are prohibited when hazardous fire conditions exist in the region.
7) Recreational fires must be attended until the fire is fully extinguished.
8) Recreational fires must burn all natural material. No construction waste may be burned.

Please be sure that you meet these provisions for all recreational fires within the city limits of Airway Heights.

For any more clarification these provisions are set in the IFC section 307. Any questions you can also contact the Airway Heights Fire Marshal @ (509)-244-3322 ext. 3
