RESIDENTIAL FOUNDATION REPORT

The City of Airway Heights requires verification that waterproofing/Site Geotechnical measures are constructed in conformance with the prescriptive code requirements of the International Residential Code and approved design plans. **Prior to requesting final inspection**, complete and send this residential foundation report to the City of Airway Heights.

RE: Residential Foundation Report
 Parcel Number: _____
 Project Address: _____
 Building Permit Number: _____

I verify that the project referenced above is in accordance with the provisions of Section R406 of the International Residential Code and that I have inspected the referenced project in regards to:

- Prescriptive Water Proofing
- Site Specific Investigation and Geotechnical Recommendation by: _____

and the work was performed, to the best of my knowledge, in conformance with the approved plans, specifications, and applicable workmanship provisions.

The site conditions present during construction were were not found to be significantly different from what was anticipated and submitted to the City of Airway Heights; and modifications were were not performed. I have enclosed appropriate plans (as-builts) along with this residential foundation report for any performed modifications.

Sincerely,
